Tutors,

We will again be offering Tutoring Services to our students for the 19-20 school year. Your time and efforts last year in getting this program up and running were instrumental in its huge success. You truly make a difference in our students' lives!!

Please note the specifics of our Tutoring options for Laurel Public Schools:

- Tutoring hours are outside of the contractual school day, and are worked in increments of ½ hours. Actual schedules are set at each individual building.
- The number of tutors on site is dependent upon the student need and parent requests for services at that level.
- Tutoring is not intended to be homework time, but a time for instructors to help re-teach concepts and provide help in primarily math and literacy.
- The position will pay \$25 per hour of tutoring, with a maximum of 4 hours a week per tutor.

If you would like to tutor for the 19-20 school year, please respond in writing to let me know of your intent. You can simply email me or send me a letter of intent.

Thank you for your consideration and I hope you are having a great start to the year!!

Allyson Robertus
